After graduation and achieving the degree, many students are poles apart from the awareness or seriousness about their basic needs, like how to face interviews or self-presentation.

Our college IQAC committee decided to arrange a workshop on "Interview Techniques" on 11/05/2023 to make the students aware of various challenges involving facing an interview. The program was inaugurated at the auspicious hands of the Hon. Principal. After the inaugural session, Mr. Sarjearao Salunkhe and Mr.Prkash Desai talked about the basic needs and presentations for the interview and various departments of an industrial unit respectively. In the next session, a test was arranged for the participants as a part of the evaluation. In the third secession, the resource persons conducted mock interviews of the participants, which were very beneficial for the students. In the fourth secession, a panel discussion was arranged wherein participants asked their doubts.

Lastly, in the valedictory program Dr. N.S.Patil Chairman of the IQAC guided the participants and on behalf of the committee, Dr. Mali B.S. proposed the vote of thanks.
